

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

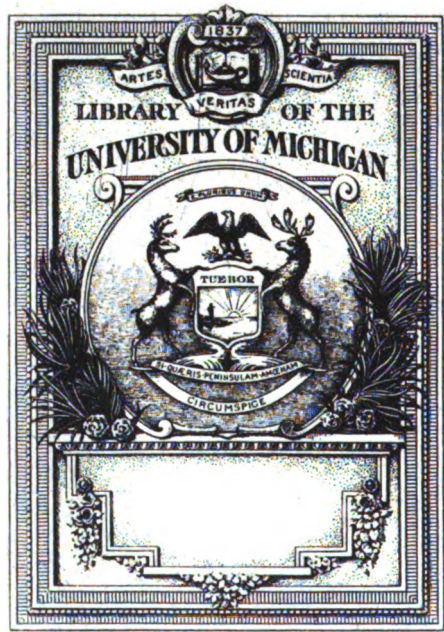

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

PART I.

REPORT.

OFFICE OF THE STATE BOARD OF ASSESSORS,

TRENTON, N. J., October 31, 1905.

To the Legislature of New Jersey:

The State Board of Assessors, in compliance with the provisions of the act entitled "An act to revise and amend an act for the taxation of railroad and canal property, approved April tenth, one thousand eight hundred and eighty-four" (which revision was approved March 27, 1888), herewith submits its twenty-second annual report, which report, as in the years 1903 and 1904, is divided into two parts—Part I covering the valuation and assessment of railroad and canal property, with the statistical tables and other information relating thereto, and Part II showing the assessments levied against miscellaneous corporations organized under the laws of the State of New Jersey, and also showing the assessment and apportionment of franchise tax levied under provisions of Chapter 195, Laws of 1900, and supplements, upon corporations using or occupying the public streets or highways.

RAILROADS AND CANALS.

For the year 1905 assessments have been levied against one hundred and thirteen railroad corporations and one canal company, the particulars and details of which assessments are set forth in Schedule A of the appendix to this report.

The only *new* corporation added to the assessment list was the Trenton Terminal Railroad Company (unclassified). The following changes were, however, made in the classification of corporations previously assessed:

South Easton and Phillipsburg Railroad Company, transferred from the Central Railroad System to the unclassified railroads.

Rockaway River and Montville Railroad Company, transferred from the unclassified railroads to the Delaware, Lackawanna and Western Railroad System.

The corporate title of the Rockaway Valley Railway Company has been changed under consolidation proceedings to the New Jersey and Pennsylvania Railroad Company, under which latter title the assessment for the year 1905 is levied.

TRACKAGE STATEMENT.

The total length of track constructed in New Jersey at the close of the year 1904 was:

	Miles.
First track,	2,322.011
Second track,	826.839
Third and fourth tracks,	231.705
Sidings,	1,794.243
Total,	5,174.798
Of which is laid with steel rails,	4,527.775
Of which is laid with iron rails,	647.023
Total,	5,174.798

The number of miles of canals and feeders in the State is 173.340.

The increase in the aggregate mileage of track over 1903, including all classes, is 86.453 miles.

	Miles.
Increase, steel rails,	115.225
Decrease, iron rails,	28.772
Net increase,	86.453

FINANCIAL STATEMENT.

The capital stock and debt, as reported, are as follows:

Capital stock,	\$157,107,973 00
Funded debt,	189,449,115 00
Unfunded debt,	11,210,694 00
Total,	<u>\$357,767,782 00</u>

The gross earnings of all lines for the year ending December 31, 1904, were \$63,380,332.68.

COMPARISON OF ASSESSMENTS, 1904 AND 1905.

	Aggregate Valuation.	Tax for State Uses.	Tax for Local Uses.	Total Tax.
1905,	\$236,720,571	\$950,991 21	\$1,136,261 29	\$2,087,252 50
1904,	231,655,525	1,158,277 65	436,843 49	1,595,121 14
Increase, .	\$5,065,046	\$699,417 80	\$492,131 36
Decrease,		\$207,286 44		

The figures above stated represent the assessments for the years 1905 and 1904 of all classes of "property used for railroad and canal purposes," and show an increase of \$5,065,046 in valuation and an increase of \$492,131.36 in the amount of tax imposed, despite the fact that certain property in Jersey City, to the amount of nearly \$1,000,000, which has hitherto been assessed by this board against the Central Railroad Company of New Jersey as "property used for railroad purposes," was by decision of the Supreme Court (February Term, 1905) relegated to taxation by the local taxing authorities, thereby and to that extent reducing the assessment of this Board.

Attention is called to the apparent decrease in State tax of \$207,286.44. As a matter of fact this condition is not true, and is brought about by the change of methods and rates of assessment prescribed by the act of April 3, 1905 (Chapter 91, Laws of 1905). Under the original act of 1884, as revised and amended by the act of March 27, 1888, all classes of

"property used for railroad purposes" were subject to tax at the rate of one-half of one per cent for State uses. In 1897 the Legislature directed that so much of the State's tax as was derived from the assessment of "property used for railroad purposes" outside of "main stem" (commonly designated as second class property), should be allotted to and paid over to the various taxing districts wherein such property was located, thereby reducing the State tax to that extent. This procedure has been carried on from the assessment of 1897, up to and including the assessment of 1904; in other words, the State has, in addition to the apportionment of *one per centum* to the taxing districts upon "second class railroad property," further appropriated its (the State's) share of one-half of *one per centum* upon this class of property to the various taxing districts. Upon the assessment of 1904, the amount so appropriated by the State under act of 1897 was the sum of \$218,438.99. Therefore, while there is an *apparent deficit* in the State's revenues from railroad corporations of \$207,286.44, in the assessment of 1905, there is an *actual increase* of \$11,152.55.

ASSESSMENT OF "SECOND CLASS" RAILROAD PROPERTY.

In accordance with the provisions of Chapter 91, Laws of 1905, this Board has ascertained and certified to each of the taxing districts of the State, the assessed valuation of "second class" railroad property located in such taxing districts respectively, at the same time instructing the various local taxing authorities that the valuations so reported should be included in the amount of ratables to be taxed, and that upon the aggregate amount obtained the necessary tax rate should be fixed, and after being so fixed, should be reported to the State Board of Assessors on or before the first day of October. The total amount of "second class" railroad property thus certified to the local taxing authorities, to be by them included in the amount of ratables assessable in the several taxing districts after revision and adjustment, amounts to the sum of \$46,522,328.00, and the amount of tax levied thereon at full local rates is the sum of \$1,136,261.29.

The following table will show the assessed valuation and apportionment of tax to the various municipalities of the State, grouped by counties; the details as to specific taxing districts being given in Schedule B of this report. A copy of Chapter 91, Laws of 1905, will also be found in the appendix, marked "Exhibit A."

County.	Valuation.	Tax.
Atlantic,	\$358,648 00	\$6,314 00
Bergen,	925,930 00	19,035 87
Burlington,	140,010 00	2,910 94
Camden,	1,471,242 00	32,336 79
Cape May,	139,504 00	3,610 67
Cumberland,	214,039 00	4,162 82
Essex,	1,473,143 00	33,986 38

Sussex,	125,398 00	2,138 24
Union,	1,678,068 00	46,108 15
Warren,	567,347 00	10,078 19
	<hr/>	<hr/>
	\$46,522,328 00	\$1,136,261 29

The customary tabular statements pertaining to the assessment of railroad and canal property for the year 1905 will be found in the appendix to this report.

All of which is respectfully submitted.

DAVID BAIRD, *President*,
STEPHEN J. MEEKER,
THEODORE STRONG,
ECKARD P. BUDD,

State Board of Assessors.

IRVINE E. MAGUIRE, *Secretary*.

APPENDIX.

(II)

EXHIBIT A.

CHAPTER 91.—LAWS OF 1905.

A FURTHER SUPPLEMENT to an act entitled "An act to revise and amend 'An act for the taxation of railroad and canal property,' approved April tenth, one thousand eight hundred and eighty-four," which act was approved March twenty-seventh, one thousand eight hundred and eighty-eight.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The taxes which shall be hereafter assessed upon the real estate used for railroad or canal purposes in each taxing district in this State separately valued and assessed under the provisions of subdivision two (2) of section three (3) of said act shall be assessed and paid in manner and form following: On or before the first Tuesday of May in the present year, and on or before the first day of March in each subsequent year any person or company running, operating or constructing any railroad or canal in this State shall return to the State Board of Assessors statements or schedules, subscribed and sworn to by the president or other chief officer before some officer of the State authorized to administer oaths, of the real estate as it existed on the first day of January preceding, specifying its extent and dimensions, which may be shown by a map or maps setting out in detail the real estate and the number, character and value of all buildings and structures in each county and in each taxing district used for railroad or canal purposes, including the roadbed (other than main stem), waterways, reservoirs, tracks, buildings, water tanks, water works, riparian rights, docks, wharves and piers (and being the property referred to in subdivision two (2) of section three (3) of said act). Such statements or schedules shall be made in conformity with such instructions and forms as may be prescribed by the said board, and such further statements shall be furnished as said board shall require; the said board shall prescribe the form of the oath to the statements and schedules required by this section, and any person who shall make such oath falsely shall be deemed guilty of perjury.

2. On or before the first day of August in each year the State Board of Assessors shall ascertain and certify the value of the property described in the foregoing section to the local taxing authorities in the several taxing districts in which the same is respectively situated; *provided*, that the right of hearing as now prescribed by law shall be in nowise restricted or abridged.

3. The value of such property so certified shall be included in the amount of the ratables to be taxed in the several taxing districts, and the necessary tax rate for such district shall be ascertained by the local taxing authorities and certified to the State Board of Assessors on or before the first day of October in each year, whereupon the State Board of Assessors shall include in the taxes to be assessed by it, under the provisions of the act to which this is a supplement, the property described in the first section hereof at the rate in each taxing district that is so as aforesaid certified to it by the local taxing authorities, and said property shall not be subject to any other tax. *provided*, that if the local taxing authorities of any taxing district shall fail to certify to said Board of Assessors within the time prescribed by this act the local rate of tax as fixed, it shall be the duty of said board to allot to the taxing district so in default an apportionment of tax at a rate not exceeding one per centum upon the class of property described in the first section hereof.

4. The State Board of Assessors shall, as at present provided by law, certify and report to the Comptroller of the State the assessed valuation and tax levied upon the property of each railroad and canal company in the State, and of the separate valuation of the property of such companies in each taxing district, separately valued and assessed under provisions of subdivision two (2) of section three (3) of the act to which this act is a further supplement, and the entire amount of tax derived from the assessment of this latter class of property shall be allotted to and paid over to the local taxing districts through which said railroads or canals run, giving to each such district the total amount of tax that may be so derived from such property of each railroad or canal company therein.

5. All acts and parts of acts inconsistent herewith be and the same are hereby repealed; but nothing herein contained shall apply to any other statements that are by the act to which this is a supplement required to be made, nor to any other property than that herein described.

6. This act shall take effect immediately.

Approved April 3, 1905.

SCHEDULE A.

**Assessments Levied by the State Board of
Assessors on Property of**

Railroad and Canal Corporations

FOR TAXES OF 1905.

Pennsylvania Railroad System.

BELVIDERE DELAWARE RAILROAD COMPANY.

President,JOHN. P. GREEN.
Secretary,F. W. SCHWARZ.
Treasurer,J. M. WOOD.

General Office, Broad Street Station, Philadelphia.

Capital stock,	\$1,253,000 00
Funded debt,	2,749,000 00
Other debt,	
Gross earnings,	1,426,271 87

Main line extends from Trenton city, Mercer county, to Manunka Chunk Warren county, at intersection of Warren Railroad.
Length, 66.636 miles.

BRANCH LINES.

Enterprise Branch—

From Belvidere Delaware Railroad, near junction of Delaware and Raritan Canal and Feeder, to Mulberry avenue, city of Trenton, Mercer county.
Length, 1.670 miles.

Flemington Branch—

From Lambertville to Flemington, in Hunterdon county.
Length, 11.550 miles.

Martin's Creek Branch—

From a point on the Belvidere Delaware Railroad, near Martin's Creek station, Harmony township Warren county, to a point in the Delaware river in the dividing line between New Jersey and Pennsylvania, connecting at that point with the Martin's Creek Railway in Pennsylvania.

Length, .140 mile.

Total length main line and branches, 79.996 miles.

18 PENNSYLVANIA RAILROAD SYSTEM.

MEASUREMENT OF MAIN STEM FOR THE YEAR 1905.

Lehigh Valley Railroad System.

LEHIGH VALLEY RAILROAD COMPANY OF NEW JERSEY.

President, E. B. THOMAS.
Secretary, D. G. BAIRD.
Treasurer, WILLIAM C. ALDERSON.

General Office, 228 South Third Street, Philadelphia.

Capital stock,	\$16,454,000 00
Funded debt,	16,350,000 00
Other debt,	628,564 91
Gross earnings,	5,057,801 09

MAIN LINE.

Extends from centre of Delaware river at Phillipsburg, Warren county, to exterior line for piers on the Hudson river at Jersey City, Hudson county.
Length, 75.159 miles.

BRANCHES.

Andover Branch—

Extends from connection with main line, east of "Greuss Bridge," in the town of Phillipsburg, Warren county, to Andover Furnace, entirely within the taxing district of the town of Phillipsburg, Warren county.
Length, 0.700 mile.

Musconetcong Branch—

Extends from connection with main line at "Musconetcong Junction," in Bloomsburg borough, Hunterdon county, to Hughesville, Holland township, Hunterdon county.
Length, 3.225 miles.

572 LEHIGH VALLEY RAILROAD SYSTEM.

Pittstown Branch—

Extends from point on main line, about 700 feet west of Lansdown station, Franklin township, Hunterdon county, to the Quakertown road, near the village of Pittstown, Franklin township, Hunterdon county.

Length (including Y), 4.163 miles.

Clinton Branch—

Extends from connection with main line at Lansdown station, in Franklin township, Hunterdon county, to Clinton borough, Hunterdon county.

Length, 2.063 miles.

Flemington Branch—

Extends from connection with main line at Flemington Junction, Ramapo township, Hunterdon county, to Flemington.

Length (including Y), 1.960 miles.

Bloodgood's Branch—

Extends from connection with main line at Picton, Clark township, Union county, to Bloodgood's mills, at Lenox, entirely within the taxing district of Clark township, Union county.

Length, 1.041 miles.

Central Railroad of New Jersey Connection—

Extends from connection with main line at Cranford station, Cranford township, Union county, to connection with main line of Central Railroad of New Jersey, west of Roselle station.

Length, 1.386 miles.

West Newark Branch—

Extends from connection with main line at Park View station to Alpers street, Newark.

Length, 0.853 mile.

Newark and Passaic Branch—

Extends from connection with main line at Passaic Junction, through the city of Newark, Essex county.

Length, 2.578 miles.

Edgewater Branch—

Entirely within the taxing district of Jersey City, Hudson county.

Length, 1.250 miles.

Perth Amboy Branch—

Extends from connection with main line at South Plainfield, Piscataway township, Middlesex county, to exterior line for piers on Arthur Kill sound at Perth Amboy.

Length (including Y), 10.338 miles.

Pennsylvania Railroad Connection—

Extends from connection with Perth Amboy Branch to main line of the Pennsylvania Railroad in Metuchen borough, Middlesex county.

Length, 0.503 miles.

Raritan Branch—

Extends from connection with Perth Amboy Branch at Raritan Junction, Woodbridge township, Middlesex county, to a point in Raritan township, Middlesex county.

Length, 5.152 miles.

Keasby's Branch—

Extends from point on the Raritan Branch to the works of the Raritan Hol-
low and Porous Brick Company, in Woodbridge township, Middlesex county.

Length, 0.513.

Weber Branch—

Extends from point on the Raritan Branch to a point near the works of the Adam Weber Co., entirely within the taxing district of Woodbridge township, Middlesex county.

Length, .185 mile.

Middlesex Branch—

Extends from point in side track of Perth Amboy Branch, on southerly side of stocking grounds and in line with center of Hartford street prolonged, northerly to the works of the Perth Amboy Dry Dock Company and the Standard Underground Cable Company, entirely within the taxing district of Perth Amboy city, Middlesex county.

Length, .340 mile.

Total length, including branches, 111.409 miles.

Second track, 85.724 miles.

Third and fourth tracks, 30 miles.

MEASUREMENT OF MAIN STEM FOR THE YEAR 1905.
